### THE LATEST.

Much of President Taft's time was consumed yesterday in holding a conference with Senator Aldrich, head of the monetary commission. Mr. Aldrich said, owing to the long tariff fight, the commission would not be able to report its recommendations to Congress for several months after it convenes next winter. Senator Aldrich is to sail for Europe Saturday. He said that the monetary systems of the leading European countries would be studied and the best features of each would be culled for application to the finances of the United States. He also intimated that the postal bank feature would not be incorporated until a new system had been adopted by this country.

In the absence of any substantial support and with pessimistic rumors as to E. H. Harriman's health freely circulated, stocks tumbled on the New York Exchange. Union Pacific common dropped 7 1/2 points, selling below 200, and the whole list was affected. Dr. Lyle, Mr. Harriman's physician, said yesterday that his patient was sleeping well, eating his meals with relish and taking keen interest in the completion of his magnificent home.

At Falmouth the Pendleton County Union of the Society of Equity turned down the Burley Society pledge by a vote of five to one and adopted the Equity pledge of Dr. McMillan, who says there will be two pools this year. The Equity people denied the Burley Society representatives an audience at Falmouth yesterday, but a conference was arranged for Wednesday at Winchester. Dr. McMillan said President Cantrell might return to the Equity pledge.

Congressman Ollie James will represent William Jennings Bryan at the called meeting to take place at Albany, N. Y., September 4, to further the adoption of a Federal income tax law. Mr. Bryan in a letter to the promoters suggests a form of permanent organization and that it be called the Income Tax League of the State of New York. Augustus Thomas, the playwright, will be elected president of the league.

Rubert Latham, driving his monoplane through wind and rain at Bethany aviation field at Rehms yesterday eclipsed Paulhan's record made the day before. The Frenchman, who twice failed in his effort to cross the English Channel, covered 95.83 miles in two hours and eighteen minutes. Blierot and Rouger in making landings yesterday injured spectators.

Judge A. M. J. Cochran, of the United States Court, sitting in chambers at Mayville, has granted the prayer of the Brannell Company, of Pittsburg, Pa., and President Charles F. Coffin, of Indianapolis, that a receiver be appointed for the new Bell-Jellison Coal Company with headquarters at Lexington and at Pittsburg.

After a sharp and protracted debate the resolution endorsing the findings of the so-called "Remsen Board," which declared benzene of soda to be not harmful when used as a preservative, was adopted by the convention of the Association of State and National Food and Dairy Departments yesterday at Denver by a vote of 57 to 42.

Alexander Friedman, a Hungarian laborer at the Pressed Steel Car Company's plant at McKee's Rock, Pa., testified at the peonage investigation yesterday that he was forced by the guards to work against his will. He said that the men were brought to the plant without knowing that a strike was in progress.

The Dutch steamer Andyk, which sailed Wednesday from Rotterdam for Baltimore, is reported to have several cases of cholera aboard. The vessel will be stopped and carefully examined before she is allowed to dock on her arrival. Several more suspicious cases were found yesterday at Rotterdam.

The city of Hopkinsville will receive a gift of land for two parks, \$30,000 for landscape work thereon, and Grace Episcopal church \$50,000 for the poor of that city, under the will of John C. Latham. The Latham family homestead in Hopkinsville is to be converted into "Virginia Park."

David E. Thompson, United States Ambassador to Mexico, yesterday denied that he was trying to purchase the Pan-American railroad for E. H. Harriman. He admitted that he was negotiating for the road, but insisted he was not acting as Mr. Harriman's agent.

Secretary of State P. C. Knox has accepted conditionally the invitation of the Lakes-to-the-Gulf Deep Waterway Association to join President Taft in the river trip from St. Louis to New Orleans.

Five in the department store of John H. Berry & Co. in Owensboro caused a loss of \$25,000.

State Senator George Wilhelm has been appointed postmaster at Newport to succeed John H. Meyer.

## GEORGE D. TODD OUT FOR MAYOR

Confident of Grinstead's Ineligibility.

Called Republicans Violate All Sacred Pledges.

Democratic Leaders Say Late Mayor Is Man To Beat.

OTHERS TO BE ON TICKET.

In offering himself for Mayor of Louisville George D. Todd grounds himself on President Taft's famous Akron speech, in which he is said to have said: "I will vote in Cincinnati in the coming election. I should vote against the municipal ticket nominated by the Republican organization."

His Platform.  
First—To exercise diligence in furtherance of the Sunday-closing act and to the enforcement of all laws embodied in the statutes.  
Second—To endeavor to reduce the rate of taxation without impairing public service.  
Third—To bring about a reduction in the tolls of the Cumberland Telephone Company, which are now exorbitant; failing in this to use my influence to prevent said company from operating in the city of Louisville.

Fourth—To bring about a reduction in the price for public utilities, i. e., lights, water and street car service.  
Fifth—To provide, as far as possible, rights to corporations equal to the rights of individuals.  
Sixth—To protect infants and others from tuberculosis, engendered by the use of impure milk, by enforcement of the recommendations of the State Board of Health.

Seventh—To bring about the sale of all franchises to the highest bidder for a term of not exceeding twenty-five years. (My opinion being that the city should exact in addition thereto a specific revenue of not less than 3 per cent. of the gross earnings of all the public utility companies, such as the street railway, light, telephone and gas companies.)  
Eighth—To use my influence toward the enactment of laws which will protect the lives of hundreds of our citizens daily.

Feeling confident from the best legal information on the subject that he can be elected to succeed himself as Mayor of Louisville, a fact that every voter in the city of Louisville will be made to realize before he casts his vote for the highest office in the municipality, George D. Todd, a former Mayor of this city by the votes of the people, this morning announces as a candidate for Mayor. Mr. Todd feels that it is a waste of time and effort to vote for a man who is said on the findings of some of the best lawyers of the State to be clearly ineligible to succeed himself, and for that reason he thinks that he can ask for the votes of the Republicans of Louisville and that they can rest assured, if he is elected, that he can take the oath of office without fear of his election being contested in the courts.

Todd Strongest Candidate.  
Leading Democrats who heard of Mr. Todd's announcement last night, said that his candidacy certainly put a different phase on the campaign. They are of the opinion now that Todd will be the man for the Democrats to defeat; that the heavy cloud cast on Mr. Grinstead's eligibility as Mayor by the Republicans has been so obscured that they will welcome the opportunity to vote for Mr. Todd as a real Republican, whose right to run cannot be questioned.

Republican leaders who heard of Mr. Todd's announcement last night were very much perturbed. The Republican machine rulers have been so cocksure that Mr. Todd would not get into the race that his announcement came like the explosion of a bomb.

Strong Personal Following.  
Mr. Todd is a business man of standing, has been in politics in Louisville for many years and a Republican with a large, enthusiastic, hard-working, personal following. He is the Republican who was overthrown as Mayor of Louisville, is an organizer of great ability, being prominent in that work when Senator W. O. Bradley was elected Governor of Kentucky.

Machine Violates Pledges.  
Mr. Todd announces his candidacy as a Republican, and he is entitled to the public. He declares that the so-called "Remsen Board," which declared benzene of soda to be not harmful when used as a preservative, was adopted by the convention of the Association of State and National Food and Dairy Departments yesterday at Denver by a vote of 57 to 42.

## MONETARY TALK ENGAGES TAFT

Senator Aldrich Confers With the President.

Report of Commission Will Be Somewhat Delayed.

No Postal Banks Until New Financial System.

QUESTION OF BOND ISSUES.

Delay In Report.

Beverly, Mass., Aug. 26.—Continuing his series of conferences with party leaders and Government officials before starting on his long trip to the West and South, President Taft had two and a half hours' talk this afternoon with Senator Nelson W. Aldrich and Secretary of the Treasury MacVeagh. Senator Aldrich, having just emerged from the long tariff fight, about to take upon the important task of adjusting the monetary system of the country, and which was in connection with his work as chairman of the Monetary Commission that he was called in conference by the President to-day.

Similar To Cincinnati Conditions.

The conditions here are entirely similar to those which prevailed in Ohio in the year 1906, at which time President Taft, in a speech at Cincinnati, declared: "If I were able as I fear I shall not be able to enter the race for the presidency, I would cast my vote in Cincinnati in the coming election. I should vote against the municipal ticket nominated by the Republican organization." The situation at Cincinnati then was certainly no worse than the conditions surrounding the Republican organization in this city at the present time," said ex-Mayor Todd.

Mr. Taft, before framing up his own legislative plan for the coming session of Congress, was anxious to ascertain whether or not the Monetary Commission will be ready to report its recommendations this winter. It is understood that the committee has not given to-day, but the chances are that the commission will not be able to present their report before Congress for several months to come. There has been talk of calling Congress in extra session in the fall of 1910 to begin consideration of the legislation looking to the enactment of such changes in the monetary system as the commission may deem expedient.

Aldrich To Sail For Europe.

Mr. Aldrich said after the conference to-day that matters had been discussed in a general way. The Monetary Commission had expected to devote the entire summer to the subjects that have been mentioned, but the long tariff fight in the Senate utterly defeated this purpose.

Mr. Aldrich went to New York to-night and will sail for Europe Saturday. Asked as to when the commission would report, he said the report was not in sight.

Senator Aldrich outlined in a general way to the President the scope of the work the commission has set itself to accomplish. The monetary system of the country, he said, is the subject of the problem of the Government to be studied and the hope is to call the best financial experts of the United States.

Postal Banks Some Time Off.

Mr. Aldrich would not discuss the subject of postal savings banks. It is not believed that he is altogether opposed to the idea, but he frankly told the President that the commission has not yet reached a decision on the subject that he thought the question of establishing such banks would be a large question.

The question of bond issues, authorized in the new tariff bill, came up for consideration this afternoon. The Secretary of the Treasury was authorized by Congress to issue bonds for \$10,000,000 to reimburse the general fund of the Treasury for the Panama Canal purchase and the amount of the estimated cost, some \$400,000,000.

Other Ineligible Nominees.

In addition to Mr. Grinstead there are three other nominees of the Republican party who are ineligible to succeed themselves, i. e., Sheriff, County Assessor and City Engineer.

## LATHAM'S LUCK TAKES A TURN

Breaks Paulhan's Record For Time and Distance.

Monoplane Shows Speed and Weathers Storm.

Spectators Injured When Blieriot Hits Fence.

PRINCESS DE SAGAN ROBBED.

Bethany Aviation Field, Rehms, Aug. 26.—Hubert Latham, the French aviator, took glorious revenge for the hard luck which he experienced in his recent attempts to cross the English channel, and his indefatigable, but hitherto unsuccessful efforts to accomplish some notable achievement during the present meeting by establishing a new world's record for distance, 154 kilometers, 650 meters, or 95.83 miles.

Latham covered fifteen laps, or 150 kilometers in 2 hours 13 minutes and 9 seconds, and the full distance in 2 hours 18 minutes and 9.5 seconds, which also are world's records, the flight being at the rate of about 65 1/2 kilometers an hour, as compared with 53 1/2 kilometers made by Wright at Lemans and a fraction under 50 kilometers made by Paulhan yesterday.

Holds Nearly Every Record.

Except for the one lap speed records made by Blieriot and Curtiss this week and Paulhan's time record in the air, Latham now holds every record for distance and speed. Like Paulhan, he descended only when the gasoline tank was empty.

Nothing could have exceeded the beauty and impressiveness of the prolonged flight. In grace of lines, no other aeroplane here compares with Latham's monoplane. The slightly tilted planes from the long skiff-like body give it a resemblance, when close, to a winged eagle, while sailing high up in the air it looks from the distance like a mammoth dragon fly.

For an hour with fluttering wings, like a living thing, it fought its way against the storm of rain and wind at an average height of 150 feet, mounting and lowering as the result that it had the worst of the storm, it was up fully 300 feet. The contention of the advocates of the monoplane being broken, the plane would be unable to lift in a strong breeze has been amply refuted.

Earlier Flight.

Latham earlier in the day with "Number 13," another aeroplane of the same type, made a flight of more than twenty kilometers, and after he had finished in the afternoon, Count De Lambert covered 116 kilometers (72 1/2 miles) in commanding fashion. Three flights, therefore, in a single day, to total more than 210 miles.

## STOCK MARKET BREAKS BADLY

Pessimistic Harriman Rumors Send Prices Down.

Union Pacific Common Sells Off 7 1/2 Points.

Official News From Arden Is Encouraging.

"WIRELESS" REPORTS DIFFER.

New York, Aug. 26.—The state of Mr. Harriman's health continued to be the principal topic of interest to Wall street to-day. There was little or no definite news to be had, and in his absence, pessimistic rumors of varied character held the fort and set the Harriman and allied stocks spinning downward.

The slaughter of prices was attended by the usual list of "dead" and "wounded" on the speculative field. At the close of the day's business, which aggregated more than 1,200,000 shares, many pyramided accounts had evaporated into thin air and the clerical forces of most brokerage houses were kept working long into the night, issuing calls for additional margins.

One-Man Market.

Since early in July, it has been a Harriman or "one man" market, although his friends and associates frequently have declared that the recent rise in Union and Southern Pacific was without his consent or connivance. To-day's pessimistic gossip, therefore, quickly acquired a strength sufficient to give the entire market a convulsive downward movement.

The day's losses in the general list ranged from 7 1/2 points in Union Pacific to 4 points in the preferred; 5 1/2 in Southern Pacific; 4 1/2 in Reading; 3 1/2 in New York Central and 2 1/2 in United States Steel.

In the less active issues declines of from 2 to 4 points were recorded by Amalgamated Copper, American Cotton Oil, American Sugar, the Kentucky Smelting, Atchafalaya, Chicago and Northwestern, St. Paul, General Electric, Great Northern Ore, Great Northern Paper, Central Lake Erie and Western, National Lead, Northern Pacific, People's Gas, Rock Island common and preferred, United States Rubber and Wisconsin Central.

Sagging For a Week.

As a matter of fact, it now becomes evident that the market has been without substantial support since Monday of last week. On that day, in spite of the fact that Union Pacific then sold at 210, the highest price in its history, and other Harriman issues also were strong, the list began to sag, and with scarcely any interruption, went lower and lower, the result that the market's price obliterated many of the gains of the past two months.

Money on call was firm at 24 to 25

per cent, ruling at 24. Time loans were

extremely dull at 24 to 4. Sterling

exchange was weaker.

The Chicago wheat market closed firm

on a better cash demand. September

was 3 1/2 higher. Corn was weak, closing

at 3 1/2. Oats were weak, closing

at 2 1/2. Provisions were weak.

The cotton market opened steady at an

advance of 2 to 3 points, developed an

easy tendency and closed 5 to 10 points

lower.

The Chicago cattle market was weak,

the hog market less lower and the sheep

market steady.

County Fairs.

The season of the county fair is at

its height. At least half a dozen fairs

are in progress in Kentucky, and from

now until well along in October others

will be going on in various sections

of the State. Of late years there has

been a revival of interest in these

time-honored institutions. In consequence

there are more fairs and better ones.

Old fair associations have been

rejuvenated and new ones have been

organized and those who desire to see

an exhibition of the kind, no matter in

what part of Kentucky they reside, do

not have a long journey ahead.

The old-time fair, with its wealth of

gadgets and its paucity of

exhibits, has passed away. Later day

fairs are conducted with more circum-

spection and with more regard for law

and order. The chief reason, perhaps,

for the institution falling into disre-

pute was the lax and lawless and un-

systematic manner by which most of

the old institutions were characterized.

They do things differently nowadays,

and the new methods are bringing the

fair into a popular favor which it did

not attain in former times.

Every progressive county where ag-

ricultural interests predominate, as

they do in most Kentucky counties, can

organize and hold a successful fair.

Properly managed, such fairs are edu-

cational, edifying and an aid to general

progress. They stimulate the ambition

of the farmer to excel his neighbor in

the quality of his farm products. They

move the stock raiser to more care-

ful efforts to improve his horses and

cattle, his hogs and sheep. They sup-

ply an incentive to the capable house-

wife to display the arts and creations

of her handicraft. They furnish an

opportunity for the enterprising man-

ufacturer of farming implements and

household utensils to place samples

of his goods before the buying public.

They add greatly to the social side

of rural life, which is often too much

neglected.

The county fair is a sort of annual

home-coming, a place of reunion of

return and that Acting Gov. Gen.

Forbes will succeed him.

Recalling the fact that the appoint-

ment of a Filipino as Vice Governor

General was advocated several years

ago by a native journalist, Meleio

Severino Yorak, El Renacimiento says

that the suggestion was laudable at

the time it was made, and that there

now exist greater reasons for its adop-

tion. President McKinley, it is urged,

promised that every vacancy in the

Administration should be filled by a

Filipino; the doctrine was solemnly

promulgated by Mr. Root, and William

H. Taft, then Governor General, ad-

vocated the policy as an application of

the doctrine of the "Filipinoes for the

Filipino; Roosevelt favored "a Philip-

pino government assisted by Ameri-

cans rather than an American govern-

ment assisted by Filipinos."

Continues the organ of the Filipinos:

"But the question is when shall we see

the realization of such flattering and

seductive promises? To-day a new op-

portunity presents itself and we shall soon

see whether the doctrine of the 'Philip-

pines for the Filipino' is to be upheld

in truth or whether it is only an empty

phrase uttered to deceive and mislead an

impatient people.

"In our opinion the designation of a

Filipino for the office of Vice Governor

will be a great step toward the 'Fil-

ipinization so solemnly and constantly

promised."

The question of when "Filipiniza-

tion" is to be realized is one that puzzles

others than natives of our balm-

my islands. One political party

promises independence, and another

urges the granting of it. But neither

expects any radical change in the

status of the islands within the next

half century. There are those in both

parties who believe that the Philip-

pines will be under American rule a

century hence. The outside world does

not believe that the Philippines and the

United States will ever be sundered by

anything less than a mailed fist. And

the Government is building and pro-

jecting fortifications that will make

Manila Bay a substantial naval base.

Just when the tendency in the direc-

tion of "Filipinization" will reach its

highest point it is difficult to guess,

but there will doubtless be a limit. Its

completion need hardly be looked for.

If the policy proclaimed by McKinley,

Root, Roosevelt and Taft is to be de-

veloped further just now, the opportu-

nity to make a brown brother yoke-

mate for Cameron W. Forbes is at

hand. Mr. Forbes is a Northerner,

without race prejudice, of course, a

Harvard student, a millionaire, an

amateur of the science of government

and a student of the particular prob-

lem of government crying out for solution

in the Philippines. Of course he would

welcome a brown brother as his assist-

ant. Yet it doesn't seem altogether

probable that the suggestion of Senor

Severino Yorak will be adopted. Many

empty phrases have been "uttered to

mislead an impatient people" on one

side of the Pacific, and to serve the

same end on the other side of that

body of water, since Admiral Dewey

steamed down to Manila and delivered

a sockdolager to the Spaniard.

Fruitless Task For the President.

None of the seven tasks of Hercules

was harder than the task that President

Taft will tackle if he carries out his

announced determination to defend in

public speeches the tariff law which is

being assailed by the three jolly mis-

creants, Mr. La Follette, Mr. Cummins

and Mr. Beveridge.

It is not so much for what they are

as because of what they are opposing

that the three radicals are so popular

at the present time. Mr. Beveridge has

literally been heaved against the

wave of resentment against special in-

terest legislation that marks the begin-

ning of the present Administration. No

member of the Senate has been more

widely ridiculed for his pretensions as

champion of the people than the rather

sky-scraping gentleman from Indiana

was until a short time ago. Mr. La Fol-

lette came to Washington known rather

as a fire-eater than as a statesman. Mr.

ply for the egret and turn the wearer

of the egret plume to other ornaments

as a substitute for that which repre-

sents ruthless slaughter for the sake

of satisfying petty vanity.

To quote:

"The white heron egret—you well rank

that, madam and miss, as one of the most

beautiful of plumes. But do not suppose

that its high price is the result of its

beauty. It costs your milliner \$22 an

ounce because the coveted plume is grown

only in the breeding season, because the

mother birds, who bear it, must then be

shot, without any hint of sport, while

actually on their nests, because, therefore,

each and every egret, of whatever finally

dyed color, and worn by however appar-

ently tender a woman, means the sacrifice

of the parent and the ruthless desertion

of the starving young. It is expensive

because your liking for it has nearly

wiped out of existence the birds from

which it can be obtained."

From the frequency with which they

are published it seems not unlikely that

photographs of the murdered egret,

lying prone before fluffy fledglings

that look with inquiring eyes at the

plight of their provider, are kept upon

the shelf by the publishers of maga-

zines. Surely the cause is a good one.

Keeping such photographs on hand in a

humanitarian effort to stamp out an

infamous practice is not blameworthy.

But if we are to call a halt upon the

industry of slaughtering ornamental

birds for the adornment of headgear

and upon the wanton destruction of

birds by the youngster with the rifle,

the dollars-and-cents side of the argu-

ment, rather than its sentimental side,

must be emphasized.

Mr. Kaufman does good missionary

work when he drops the fatha appeal

to the fashionable mother to consider

the cruelty of the slaughter of egrets

with young and explains that a pair

of rose-breasted grosbeak can kill more

potato bugs in a given time than two

boys with a bucket of paris green, and

that the killee, killed for hat decoration,

is the natural enemy of the boll

weevil that costs the cotton planter

\$20,000,000 a year.

It is not probable that parasites

would disappear from the crops if the

A. B. LIPSCOMB

TIPPED FOR OFFICE OF SECRE-  
TARY COMMERCIAL CLUB.

Names of Four Others Prominently  
Mentioned In Connection With  
the Office.

Since the unexpected announcement  
several days ago that A. T. Macdonald  
had resigned as secretary of the Loui-  
ville Commercial Club, considerable  
speculation has been rife as to who  
will be picked by the board of di-  
rectors of the organization to fill the  
vacancy. It was given out a few days  
ago that the board would meet and  
act on the matter to-day, but Brinton  
B. Davis, president of the club, says  
that a meeting may not be held before  
next week. It is understood that five  
candidates are in the field for the place  
formerly held by Mr. Macdonald.

In the opinion of business men af-  
filiated with the Commercial Club A.  
B. Lipscomb, said to be one of the  
best candidates, has a good chance to  
pluck the coveted plum. Mr. Lipscomb  
is a director in the organization and is  
regarded as one of the most active  
members in Louisville. In recognition  
of his notable achievement at Kansas City  
last year, when he, in a masterful  
speech, brought the convention of the  
Associated Advertisers' Clubs of Amer-  
ica to Louisville this year, now in ses-  
sion, he has been honored with a life  
membership in the local club and has  
been given the presidency also. Other  
names which are being mentioned  
in connection with the secretary-  
ship are Julius V. Beckmann, secre-  
tary of the Retail Merchants' Asso-  
ciation; G. D. Crain, Perry Farnsley  
and James Ryan Keller.

Brinton B. Davis, president of the  
club, said yesterday that it may be  
some time before the club will be able  
to fill the vacancy. Mr. Davis desires  
to have the matter taken up at a full  
meeting, which is practically impossi-  
ble right now, since two or three mem-  
bers are absent from the city.

HERMAN KUNNECKE DIES  
WHILE CROSSING DESERT.

Former Louisville Man Succumbs To  
Thirst and Intense Heat  
In Nevada.

The body of Herman F. Kunnecke,  
a well-known photographer of Louis-  
ville, was found on a desert of Nevada,  
between Tonahap and Goldfield, where  
he had died as the result of being over-  
come by the intense heat and from  
thirst, on August 4.

Mr. Kunnecke was about 65 years  
old and had been away from Louisville  
twelve years, going to Chicago when he  
left here.

He stayed in Chicago eight years,  
where he worked at his trade, photog-  
raphy, and then he left the city and  
went to Nevada and, joining the West-  
ern Federation of Miners, he began  
prospecting.

He is survived by a nephew, Harry  
Blaschko, of the Associated Photo Com-  
pany, of Louisville, and who was seen  
yesterday and said:

"I have not heard anything directly  
from my uncle for ten years, but I  
knew that he was in Nevada, where  
he went about four years ago. He was  
found on the desert of Nevada by a  
member of the Western Federation of  
Miners of which association my uncle  
was a member.

"According to the letter which I re-  
ceived from the man who found the  
body, my uncle started to walk from  
Tonahap to Goldfield when he was  
found unconscious, having been over-  
come by the intense heat and thirst.

## NAMES HIS MAN

Maj. Peyton Appoints the  
Rev. Lyman C. Murr.

SUCCEEDS THE REV. MR. MOORE  
AS PRISON CHAPLAIN.

EDGAR A. HOWARD TO BE  
BURIED IN EL PASO.

## NEWS OF JEFFERSONVILLE.

Maj. Peyton, superintendent of the  
Indiana Reformatory, announced yes-  
terday that he had decided to fill the  
vacancy caused by the resignation of  
the Rev. Reuben H. Moore, as chap-  
lain, by the appointment of the Rev.  
Lyman C. Murr, who has charge of a  
congregation of the Methodist Episco-  
pal church at Marengo, Crawford coun-  
ty, Ind. In making the announcement,  
Maj. Peyton said he had considered the  
qualifications of all of the applicants  
carefully. In his investigation Maj.  
Peyton said he found Crawford county  
did not have a representative in the  
official family of the Indiana Reforma-  
tory and it was thought to be fitting  
more than justice that it should.

Mr. Murr is a Democrat and Maj.  
Peyton said he was a broad-minded  
man. He is 36 years old and a college  
graduate. He has been married twice.  
His second wife and three daughters  
are living. Mr. Murr is a brother of the  
Rev. J. Ed Murr, formerly of Charlestown,  
and David Murr, a well-known  
Crawford county attorney, who was the  
nominee for Congress on the Prohibition  
ticket last November. Mr. Murr  
will come to Jeffersonville as soon as  
possible to take up his duties.

The Rev. R. H. Moore will probably  
leave Jeffersonville about October 1.  
He is the chaplain at this time.

Job Freeman Morgan Dies.

Job Freeman Morgan, who was the  
freight agent of Louisville for the  
Baltimore and Ohio Southwestern  
railroad, and Harry Morgan, a well-  
known Louisville attorney, died at his  
home in Henryville, Ind., eighteen  
miles north of Jeffersonville, Wednes-  
day night from septicemia. He was  
moved from Louisville to Henryville  
last April, after living in the former  
place between eighteen and twenty  
years.

Mr. Morgan was a native of Switzer-  
land county, Ind., and was born near  
Vevay in 1828.

In 1860 Mr. Morgan was married to  
Miss Mary Mitchell, who died in Louis-  
ville two years ago. A part of Mr.  
Morgan's life was spent in Meade  
county, Ky. Mr. Morgan is survived  
by six sons and two daughters—Wil-  
liam Morgan, Miss Bettie Morgan and  
Miss Nellie Morgan, of Henryville,  
Ind.; Harry Morgan and Edward Morgan,  
of Louisville; L. H. Morgan and  
C. W. Morgan, of Dallas, Tex., and  
Thomas W. Morgan, of Cincinnati.

The body will be taken to Louisville  
for burial upon the arrival of the two  
sons from Texas.

Leave On Wedding Trip.

A marriage license was issued yes-  
terday to Wesley H. Dorsey, of New  
Albany, and Miss Elizabeth Jackson,  
of Charlestown, Ind., the wedding fol-  
lowing last night at the home of the  
bride's mother, Mrs. Elizabeth Jackson,  
on the corner of Third and Walnut  
streets. The bridegroom is a clerk at  
the Charlestown Christian church, of-  
ficiating. The affair was quiet on ac-  
count of the heat and the fact that  
the bridegroom is a clerk in a whole-  
sale drug store. He is a son of  
George W. Dorsey, who is a clerk at  
Fairview cemetery. The bride was  
a daughter of the Rev. Harry C. Jack-  
son, Mr. and Mrs. Dorsey will reside  
in New Albany. Mr. and Mrs. Dorsey  
left last night for Atlantic City on a  
wedding trip.

To Be Buried In El Paso.

Edgar A. Howard, who died in El  
Paso, Tex., will be buried in that place.  
A number of telegrams expressing sym-  
pathy over the death of her husband  
were sent Mrs. Howard from Jefferson-  
ville yesterday. The death of Mr. How-  
ard brings out the fact that there is  
but one more male survivor of the class  
of 1887 of the Jeffersonville High  
School. He is W. C. Ffao, a well-  
known druggist. The class contained  
a number of young women, but there  
were only four males. W. C. Ffao, Ed-  
gar A. Howard, R. Dawson Robinson  
and Brewer Edmonson. The three last  
named are now dead. Mr. Ffao said  
yesterday the death of Mr. Howard  
was a severe blow to him.

Start For Fair; Get Married.

Starting for the Shelbyville fair yes-  
terday morning, John W. Ritter, a  
farmer who lives at Mt. Eden, Ky., and  
Miss Edna R. Ritter, a daughter of  
Mr. Ritter, who is a clerk at Jefferson-  
ville, decided to go on to Jeffersonville,  
which place they reached shortly after  
noon and were married by Magis-  
trate Charles S. Ffao at the Ritter  
house. The bridegroom is 21 years old  
and a native of Shelby county, Ky., his  
father being George Lee Ritter, a farm-  
er. The bride was born in Anderson  
county, Ky., nineteen years ago. Her  
father is Dell Hammond, a farmer in  
Shelby county.

NOTES OF THE NEWS  
FROM JEFFERSONVILLE.

A letter received from the Rev. A. Q.  
Bailey, rector of St. Paul's Episcopal  
church, who went to Greenwood Lake, N. Y.,  
the last of July on his vacation, an-  
nounced that he would start home yes-  
terday.

Of his own accord, Lon Brendle, of  
Utica, appeared in Magistrate B. J. Fer-  
guson's court yesterday and pleaded guilty  
to the charge of using profane language in  
the presence of females, and was fined \$1  
and costs.

Judge Harry C. Polindexter, in the  
city court yesterday morning, fined Mag-  
istrate Paige \$5 and costs on the charge  
of carrying a concealed deadly weapon,  
a sawed-off shotgun, which he carried in  
his pocket when he was arrested. He went  
to jail.

The Clarksville School Board has de-  
cided to reduce the force of teachers from  
nine to eight on account of the number  
of pupils decreasing. The schools will  
be closed on September 1, with Claude  
McBride as superintendent.

A large barn that was owned by  
John A. Johnson, who lives near Nabbs,  
was struck by lightning during a severe  
storm a few days ago, and with its con-  
tents was burned. It contained a lot of  
machinery and feed, but no livestock.

The Mishawaka Woolen Manufac-  
turing Company, of Mishawaka, Ind., yes-  
terday filed a claim in the office of Curtis W.  
Ballard, clerk of the court, against the estate  
of William S. Dellinger for \$87.90. The  
alleged amount is due on an account.

The county board of health, at a meet-  
ing held last night, decided to keep the  
city cupping for several weeks. His friends  
are hopeful that he will again be able to  
leave the city or county ticket.

The outing at Dead Man's Hollow that  
was given yesterday by the police depart-  
ment was attended by more than 200 per-  
sons and was one of the most successful  
affairs of the kind ever attempted in this  
city. The entire day was spent in feasting  
and merrymaking.

Those who have secured it out say that  
the square on East Maple street, between  
Penn and Fulton streets, contains only  
few householders, who have not been in  
office, are in now or are being spoken of  
as a candidate for some position on either  
the city or county ticket.

Judgment for \$100 in favor of the  
plaintiff was given by Magistrate B. J.  
Ferguson yesterday in a suit John Gran-  
ger had filed against William O'Brien on  
account for newspapers furnished the de-  
fendant, who admitted he owed the  
amount for which judgment was given.

The arrival of L. M. Ford and George  
Shipman from a trip to Mexico is expected

to-day. A letter from Mr. Ford stated  
the temperature had stood at 110 degrees  
for several days where he was, and the  
heat was annoying. He said he had found  
many old residents of the section who had  
never seen a frost.

A discovery has just been made that  
the date for holding the joint reunion of the  
Thirty-eighth and Eighty-first In-  
diana Volunteers at Sellersburg, and the  
reunion of the Old Soldiers and the  
claim of Clark county, fall on the same  
day, September 2, and there are some who  
want to attend both.

Rosa Patrick, the 5-year-old daugh-  
ter of Mr. and Mrs. Ben Patrick, of Port  
Fulton, was killed by a train from here  
yesterday morning, and was found at South  
and Spring streets. She was taken to  
St. Elizabeth's hospital and kept there for  
several hours by Capt. Clegg before her  
father finally claimed her.

Mrs. Harry T. Ferguson and little  
daughters, Virginia and Lillian Elizabeth  
Ferguson, and Mr. and Mrs. Frank Davis,  
who went to Harrison county, Indiana,  
August 16, for a stay of two weeks, re-  
turned yesterday and kept the late-  
named daughter of Mrs. Ferguson being ill.  
Her condition is not regarded as be-  
ing serious.

The body of Elmer Campton, who was  
a son of Mr. and Mrs. William Campton,  
formerly of Nabbs, who was killed while  
crossing a street in Indianapolis, by an  
automobile, was found yesterday. He was  
brought to Lexington for burial. He was  
6 years old and had earned 5 pennies,  
which he was starting to have converted  
into a nickel.

Capt. M. E. Clegg has recovered the  
wrecked wagon from Lewis Fisher, a farmer  
who lives east of the city, a week ago.  
A young man attempted to pawn the  
timepiece in a Louisville jewelry store.  
Proprietor suspected something was wrong  
and started to call the police. The visitor  
then ran out of the building, and his  
identity is not known.

Wilfred S. Reynolds, of Indianapolis,  
State agent for the Board of Civil Ser-  
vices, was in the city yesterday looking up  
the records as to dependent children who  
have been sent to the Jeffersonville Or-  
phan's Home. He said in many parts  
of the State the law is being disre-  
garded in committing children to the  
care of the State.

Home-comers, new-comers and old set-  
tlers from the counties of Clark, Scott and  
Washington, Ind., are expected to be in  
the city tomorrow for the annual meet-  
ing of the Indiana Medical Association.  
The meeting will be held at the Hotel  
Henderson, and will be a most interest-  
ing affair. It is the second annual meet-  
ing of the association, and is to be a feature  
of the locality.

## ONLY HOMESICK

YET EDWARD STRATTON FEARS  
THAT DEATH IS NEAR.

Sends Note To Police Asking That  
Valise Containing Money Be  
Cared For.

The climate of Kentucky did not  
agree with Edward Stratton, a meat  
dealer from St. Louis, and he pined for  
the air of old Missouri. He recently  
came to Louisville in search of work  
and went to the Lenox Hotel, 517 West  
Market street, to room. After a few  
days he found that he could not eat,  
no matter what delicacies were placed  
before him, so he asked to be sent to  
the city hospital.

Yesterday morning a letter was re-  
ceived at police headquarters from  
Stratton requesting that if he should  
die that the police notify his father,  
William Stratton, living at 6229 Mag-  
nolia avenue. The letter said that the  
writer felt sure of dying and that he  
wanted the police to see that his folks  
received a valise, which was at the  
Lenox Hotel. The valise contains over  
\$100, according to Stratton.

Sergeant Gibbons, of the Second police  
district, went to the city hospital yes-  
terday morning to see Stratton con-  
cerning the letter. He found that  
Stratton was not dangerously ill of any  
disease, but that he was homesick.  
After vainly trying to cheer him up,  
the sergeant offered to send the valise  
to Stratton's folks in case Stratton  
dies.

Stratton is a well-educated man, 32  
years of age, and is neatly dressed. At  
the hospital it is said that the man  
is suffering from malarial fever and  
a desire to be back in St. Louis.

## NIGHT-STICKS AND BADGES FOR FOURTEEN AMATEURS.

New Patrolmen Begin To Draw  
Monthly Salaries From The  
City September 1.

Fourteen men were named yesterday  
by the Board of Public Safety for places  
on the police force. The appointments  
are subject to the men being able to  
withstand the prescribed physical ex-  
amination, which not very severe, if  
backed up by sufficient political pull.  
So far no man examined has failed to  
qualify under the physical restrictions.

The fourteen men who will get their  
badges and night sticks on September  
1 are:

W. L. Burgess, 2115 Cedar street.  
Luther M. Davis, 209 South Tenth.  
George E. Davis, 724 West Walnut.  
George F. Fischer, 2029 Payne.  
C. A. Fowler, 845 East Burnett.  
Ben C. Rogers, 447 West Walnut.  
George W. Harrison, 1310 Columbia.  
Philip Haag, 929 Samuel.

## GASOLINE EXPLOSION BURNS TAILOR BADLY.

Brother of Councilman Krebs and  
Former Steward At City Hos-  
pital, In Fire.

An explosion of a gasoline can set  
fire to the tailoring establishment of  
Morris Krebs, 627 West Walnut street,  
yesterday at noon, severely burning  
Morris Krebs and causing damages to the  
amount of \$200. A number of suits of  
clothes were destroyed by the fire.  
Mr. Krebs was engaged in doing  
some tailoring when a large can of  
gasoline sitting nearby exploded. Krebs  
was severely burned about the hands  
and arms. He was taken to the office  
of Dr. A. R. Bick, 104 West Walnut  
street, where his injuries were dressed.  
He lives at 413 South Preston street  
and was formerly steward at the city  
hospital. He is a brother of Council-  
man Krebs.

Knocked From Box Car:  
BOTH LEGS GROUND OFF.

While engaged in doing some switch-  
ing for the L. and N. railroad at Pe-  
evy Valley yesterday morning at 8:30  
a. m., Dr. A. R. Bick, 19 years of age, in  
climbing from a box car, the wheels  
of the car passed over his legs, badly  
mangling them. It took several days  
before he was removed to St. Mary and Elizabeth hos-  
pital, where it was found necessary  
to amputate his legs above the knees.  
The operation was performed by Drs.  
D. Y. Roberts and E. Parks Ogden.  
Irby is reported as getting along nicely,  
with fair chances of recovery. He  
lives at 624 East Green street.

vestment.

## ONLY SURVIVOR

In New Albany Talks of  
Medical Meeting.

RECALLED TO MIND BY A RE-  
CENT ARTICLE.

WORK OF TAKING CENSUS TO  
BEGIN SHORTLY.

## CEMETERY BUYS MORE LAND.

In the current number of the Journal  
of the Indiana Medical Association, is-  
sued August 15 and received by New  
Albany physicians yesterday, there is  
an interesting article by Dr. G. W. H.  
Kemper, of Muncie, Ind., relative to the  
old-time physicians who met in In-  
dianapolis May 17 and 18, 1890, to dis-  
cuss matters in connection with the  
State Medical Society of which they  
were members. New Albany was lar-  
gely represented at this meeting, but the  
only survivor of this notable medical  
gathering from that city is Dr. Charles  
Bowman, now 82 years of age and still  
engaged in the practice. Among the  
other New Albany physicians present  
were Drs. Thomas Austin, H. M. Dowling,  
W. H. Cooper, S. E. Leonard, Harvey Link, Elijah Newland, T. H.  
Hucker, R. H. Town, John Sloan and  
J. P. Shuler.

Most of the old doctors and their de-  
scendants have passed away, but Dr.  
Bowman is still vigorous of mind and  
body and calls upon patients the same  
as ever. Dr. Elijah Newland, who died  
while a resident in New Albany, was  
born in New Albany, was one-time Treas-  
urer of the State of Indiana. He was  
the grandfather of N. T. DePauw, Dr.  
and Dr. DePauw, Dr. DePauw, Dr. DePauw,  
Admiral George A. Bicknell, now resi-  
dent in New Albany. Dr. Thomas Aus-  
tin was the father of Thomas E. Aus-  
tin, who is now engaged in the drug  
business at 226 West Main street. Dr.  
H. M. Dowling was the father of Judge  
Alexander Dowling, former Associate  
Justice of the Supreme Court of Indi-  
ana. The descendants of the others  
have passed away. Among the Jef-  
fersonville physicians mentioned were  
Drs. Nathaniel Field, father of Dr. Dav-  
is Field, and Dr. Robert Curran.

The physicians at this meeting re-  
solved that a broad line of distinction  
between scientific medicine and the va-  
rious forms of quackery in vogue  
should be plainly marked and seen.  
Physicians were urged to exert their  
influence with newspaper publishers to  
disseminate to prevail upon them to with-  
hold their aid to such imposture.

And the physicians had their troubles  
in the good old days like they have  
now. Dr. Charles Bowman in recall-  
ing the meeting of forty-nine years ago  
yesterday said it was gratifying to him  
to be able to say that he was one of the  
few survivors from Southern Indiana.  
Since the Indiana Medical Society was  
first organized it has grown in influ-  
ence and its efforts for good have been  
widespread.

## Population of New Albany.

According to an estimate made by  
James L. Anderson, clerk of vital sta-  
tistics with the Indiana State Board of  
Health, the population of New Albany,  
based on the school enumeration re-  
cently compiled is 23,005. This basis is  
not quite satisfactory to the city, which  
feels that the population is at least 25,000.  
The exact figures will be arrived at  
officially when the census is taken and  
not before.

Will L. Lingle, the census supervisor  
for the city, yesterday from his home in Paoli.  
Mr. Lingle is making arrangements to  
appoint census takers for New Albany  
and was in conference with Mr. Bert  
Thurman and Postmaster Morris. Com-  
petent men only will be employed. Mr.  
Lingle is suffering from malarial fever  
and places up to the time of appointment,  
which will be within the next few  
weeks.

## St. Mary's Cemetery Enlarged.

The congregation of St. Mary's  
church has purchased additional  
ground adjoining the present cemetery  
property on the Charlestown road for  
cemetery purposes. This will extend  
the cemetery property line to Silver  
street on the Charlestown road and will  
be ample for burial purposes for the  
congregation for many years to come.  
It is the intention of the directors of  
the cemetery to make immediate im-  
provements. A landscape engineer has  
been engaged to lay out the new  
grounds and to beautify the old ceme-  
tery property.

bany early in September.

The best corn raised in Floyd county  
this year, as agreed upon by judges, was  
that on the farm of Frank H. Hester,  
which produced seventy-five bushels to  
the acre. Mr. Hester's only claim to the  
title of champion farmer, but he says his  
success is due to fertilizing.

Prof. R. H. Roan, superintendent of  
the school of Floyd county, will conduct  
an examination of applicants for license  
at the High School auditorium to-morrow.  
This will be the last examination before  
the beginning of the fall term of the  
schools.

Complaint has been made to the  
Board of Health on account of the con-  
dition of the alley between East Twelfth  
and Thirteenth and Main and Market  
streets. Some of the property owners  
in the vicinity have failed to put in sewer  
connections, and as a result the alley has  
been filled with debris resultant from  
sewage being allowed to run through the  
alleyway and weeds allowed to grow.

Mr. Charles B. Nordeman, Clerk of  
the Board of Councilmen in Louisville,  
will lead the opening meeting of the

"Relief in Sorrow." Mrs. Anna Smith  
and children will sing a quartet. This will  
be the first appearance of Mr. Nordeman  
in New Albany, although he is recognized  
as a well-known Epworth League worker.  
He is also known as a successful politi-  
cian in Louisville.

A monument in honor of Prof. J. M.  
Johnson, of Marengo, will be unveiled  
to-day at the home of Prof. Johnson. He  
was for many years the principal of the  
Marengo Academy, which is now closed.  
The monument will be erected during  
the administration will assemble to  
the George B. H. Hester, secretary of  
the Mutual Life Insurance Company of  
New Albany, is a member  
of the committee to pay honor to the  
professor. It is unusual to erect a memo-  
rial to one living, but the friends of  
Prof. Johnson consider that he is worthy  
of the honor. He has helped to educate  
a large number of young men, and is  
present in business in Southern Indiana.

George I. Kline, of Terre Haute,  
great-grandson of the Red Men of Indiana,  
and H. M. Trueblood, of Salem, member  
of the State building committee of the or-  
der, called upon the city of Louisville  
yesterday. Mr. Kline was formerly at the  
head of the order in Indiana, and the pur-  
pose of the visit was to confer about the  
purpose of the order, which is very strong  
in New Albany. Mr. Kline delivered an  
address last night at New Salisbury.

In short time the alleged 1,000,000  
pesos counterfeiters were forgotten  
knowledge of their existence was again  
awakened by the examining trial of  
Marion C. Roberts and William Ko-

enig before United States Commissioner  
Henry Casen yesterday. The trial re-  
sulted in the dismissal of all charges  
against Koening, who printed the Mexi-  
can certificate in absolute ignorance  
of the alleged purpose of John Rob-

erts to pass them, and the reduction  
of the bond of Marion Roberts from  
\$15,000 to \$2,500. Roberts'
